

NEW RJW on-line Wills service for Police Federation members

Making a Will is something many of us put off until it's too late. A recent market study found that 56% of those asked said they hadn't written a Will.

The only way to ensure that the people you want to benefit from your estate in the event of your death is to write a legally enforceable Will. A Will helps avoid what might otherwise be complicated and sometimes unpleasant circumstances that those you care about will have to manage.
